Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Sunday 28 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Wintry precipitation clearing western parts. Very cold with frost overnight.

This Evening and Tonight:
Some outbreaks of rain, sleet and perhaps snow across western parts this evening. Otherwise it will be dry, with largely clear skies. Very cold, with a widespread frost forming overnight and patches of ice on untreated surfaces in the west. Minimum temperature -3 deg C (27 deg F).

Monday:
Dry and largely sunny with light winds, after a cold and frosty start. Cloud will increase from the northwest later in the afternoon, bringing the odd spot of rain overnight. Maximum temperature 6 deg C (43 deg F).

Outlook for Tuesday to Thursday:
Cloudy and mild on Tuesday with some patchy rain in the morning. Further rain overnight, clearing Wednesday morning. Wednesday and Thursday dry with prolonged sunny spells.
